SKILLS

- Programming Languages: Java, C#, Javascript
- Web Development: Node JS with Express, .NET.
- Database: PostgreSQL, MySQL, MongoDB.
- Version Control & Operating System: Git and Linux.

PROJECTS

Turf Management System:

This website is designed for two types of people – users and admins.

- Users can easily book slots online for the services or facilities they want to use.
- They don't have to call or visit in person – they can just log in, check which slots are available, and make a booking with a few clicks.
- Admins are the people who manage the system.
- They can add or remove available slots, schedule maintenance, and monitor all bookings to make sure everything runs smoothly.

Tech Stack Used:

- Frontend   - React (Typescript), Tailwind CSS
- Backend   - **.**NET, Node.js (with express)
- Database - PostgreSQL
- Hosting   - AWS
